

Presentation

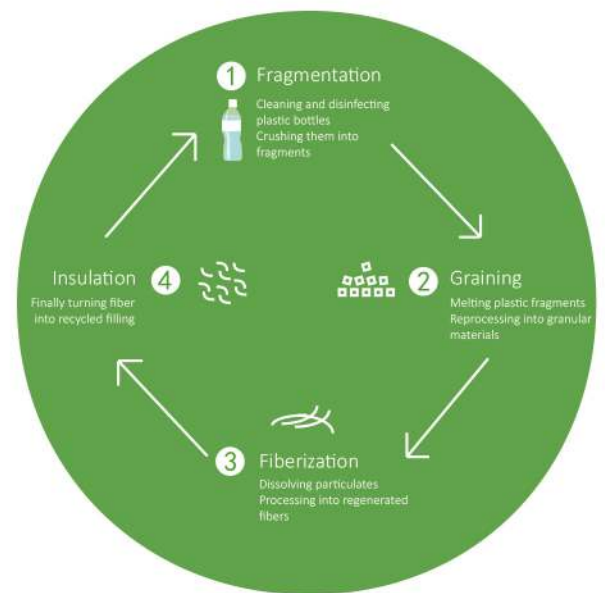

- Sofeelate® Repreve Insulation is one of the most certified, traceable fibers available in the world. High-quality, recycled fibers are made from 100% recycled materials, including post-consumer water bottles and pre-consumer waste. There are three kinds of type cater perfectly to every possible design requirement. When you add it all up, Sofeelate® Repreve Insulation is a high performance, 100% sustainable synthetic that offers total freedom of design.

Product Line :

Features

- Transparent & Traceable, FiberPrint™ technology
